But some have trouble with impulsivity and self-control, problems that, if left unchecked, can lead to more serious long-term issues that can even cross the line into crime and delinquency. This book offers a sound and safe step-by-step program for heading off conflict and getting your child to cooperate. This step-by-step approach concentrates on the most common out-of-control behaviors the author has encountered in his extensive work with parents and children. It advises you on the finer points of effective discipline, including eye contact, body language, tone of voice, and word choice.
