HONEYCOMING

Alphascript Publishing Jan 2010, 2010. Taschenbuch. Book Condition: Neu. 220x150x6 mm. Neuware - HoneyComing is an adult Japanese visual novel developed by Hooksoft which was released as a limited edition version on June 29, 2007 playable on the PC as a DVD; a regular edition followed on August 24, 2007. HoneyComing is Hooksoft's sixth title, along with other games such as Orange Pocket, and _Summer. The gameplay in HoneyComing follows a plot line which offers pre-determined scenarios with courses of interaction, and focuses on the appeal of the five female main characters. The game offers three different modes to play it in: Amusement, Feeling, and Only One. Depending on which is chosen, the player will have a different experience. The story revolves around K ichir Ogata, a young man entering his first year of high school into a former all-girls school. However, at this school, there are still mandatory subjects taught on love and romance, much to the dislike of K ichir . Before the game's release, a manga adaptation drawn by Ui Takano was serialized in Kadokawa Shoten's Comptiq magazine between the February 2007 and October 2008 issues. 104 pp. Englisch.
